

THE SECRET TO SERVING SIZE IS IN YOUR HAND

A fist or cupped hand = 1 cup

1 serving = 1/2 cup cereal, cooked pasta or rice
or 1 cup of raw, leafy green vegetables
or 1/2 cup of cooked or raw, chopped vegetables or fruit

Palm = 3 oz. of meat

Two servings, or 6 oz., of lean meat (poultry, fish, shellfish, beef) should be a part of a daily diet. Measure the right amount with your palm. One palm size portion equals 3 oz., or one serving.

A thumb = 1 oz. of cheese

Consuming low-fat cheese is a good way to help you meet the required servings from the milk, yogurt and cheese group.

1 1/2 - 2 oz. of low-fat cheese counts as 1 of the 2-3 daily recommended servings.

Thumb tip = 1 teaspoon

Keep high-fat foods, such as peanut butter and mayonnaise, at a minimum by measuring the serving with your thumb. One teaspoon is equal to the end of your thumb, from the knuckle up.

Three teaspoons equals 1 tablespoon.

Handful = 1-2 oz. of snack food

Snacking can add up. Remember, 1 handful equals 1 oz. of nuts and small candies. For chips and pretzels, 2 handfuls equals 1 oz.

1 tennis ball = 1 serving of fruit

Healthy diets include 2-4 servings of fruit a day.

Because hand sizes vary, compare your fist size to an actual measuring cup.
